

# Create Caring Cards for JFCS Clients

Jewish Family and Children's Service (JFCS) offers a unique opportunity to reach out to homebound individuals, oftentimes older adults, with inspiring notes and letters. Let your creativity shine with handmade or store-bought cards. Our clients find these messages to be meaningful, heartwarming and uplifting.

When creating the card, make sure to include a warm message and your first name on the inside of the card. If the card-maker is a child, you can include their age in parentheses, and if you are writing on behalf of a school or organization, you can include that too!

When possible, please provide envelopes, but do not seal the cards. We want to ensure that the cards will be sent to our clients who will appreciate the message most.
